Shyam Sundar Prasad
Principal

Our Managing Director

BIHAR CENTRAL SCHOOL started its journey in the year 2005 with the aim of providing quality Education to the boys and girls of this area. Our mission is to constantly strive to earn greater heights.

We feel very happy to be a part of a grand establishment. We are serving here true to our potential to transform the young ones into a potential source of knowledge energy, strength, a catalytic force to metamorphose the social fabric. A dedicated team of teachers administrative staff, aware and cooperative parents, and a management imbued with great vision, form a unified team making endeavors to achieve to above.

Our students and staff enjoy our campus that is surrounded by "beauty, charm and adventure." As I walk around our school, it is exciting to see and experience the special and unique opportunities available to our students.

The school provides a warm, caring, stimulating and challenging environment in which our students learn and develop. We aim to provide an education which explores and strengthens the potential which is innate in every individual but awaiting expression. In order to do so, we seek to provide an environment which enriches the intellectual, spiritual, emotional and physical development of the pupil in an atmosphere that is happy and nurturing. Emphasis is thus placed on promoting personal achievement, building a sense of responsibility and ultimately securing a strong Sense of self.

In BCS, **there is a strong ethos** of parental involvement for we recognize the need for open communication between the school and the home. It is only when teachers, students, parents and other member of the community work in partnership that a child can grow into an adult who display sensitivity, integrity, good citizenship and respect for human diversity. We believe that education is not about mere imparting knowledge but more about opening the child's mind to self expression. I have realized that with little hard work's some attention from parents. Guidance and a pat on the back from teachers make the process of learning easier, acceptable and enjoyable.

It is our aim to help all students achieve a level of excellence in their chosen field. Together we will have to move along , as we all sincerely believe to REACH HIGHER.
